

## **Authorization of FY24 SLAF Project Funding January 2024**

On January 8, DEQ issued its [FY24 SLAF Authorization Memo](#), which includes a list of awarded localities along with the project name and grant amount funded. This consists of approximately \$29.7 Million for VAMSA Member projects. DEQ's July 2023 solicitation was for \$38 Million in grant matching funds. DEQ received applications from 15 localities for 28 stormwater projects and 1 nutrient credit purchase. After review, DEQ determined that three of the projects were ineligible for SLAF funding, and final authorizations went to 25 stormwater projects and 1 nutrient project totaling approximately \$29,669,206, which of course is less than the \$38 Million available.
